September 2007 Newsletter

It is that time, time to think about snowmobiling. We held our first meeting on Wednesday September 12th. Four people showed up in total. We need you as members to come to meetings to share your ideas. We have several things to discuss and plan early this season.

Trail work parties are beginning by the last weekend of September. Call 520-0816 if you are available to give a helping hand. Any members that have a tractor or piece of equipment please bring them along.

We are looking for donations this year. Over this past summer the winch on the front of the groomer was stolen. This is a very costly item and is needed. If the groomer gets stuck or hung up, this is the only tool to get it out. We need to purchase a replacement before snow flies. We are also, as always, looking for donations to go toward bridge repair and replacement. Any company(s) to donate to a bridge fund will have a advertisement on the bridge for the life of the bridge.

BBB is looking for ideas on fundraising. We have also talked about adding an officer position for event planning and fundraising. We have discussed a 50/50 raffle and are in need of feedback on this idea. 100 tickets sold, \$100 each. Club \$5000, winner \$5000. Would you buy a ticket? Do you think they would all sell? Tell us what you think.

NHSA membership cards are in, join now to beat the rush. You can also join through our website via Paypal. This is a fast, handy and easy way to join. Instead of waiting two to three weeks for your membership, you can get it in about a week. Also new this year, select officers will have membership cards and applications with them at work parties, amongst other times. In a hurry to get your membership and go register your sled? Give one of them a call and go get your membership. Keep an eye on the website for contact info.

Next meeting! Wednesday October 10th, 2007, 7pm at the Corner Meeting House in downtown Belmont. Hope to see you there.

Let's get the sleds ready! Winter is on the way.

Russ Davis
President
