

Belmont Bogie Busters Snowmobile Club

December 2006 Newsletter

It is already December. Are we going to get rideable snow this year? All of us with sled payments have our fingers crossed. Hope to see it here soon. We still have a lot of work to do, trimming brush, and filling some washouts around our bridges. We have work parties nearly every weekend. Join us if you can, be sure to check the website for weekly updates and information. www.belmontbogiebusters.org

The NHSA Trailmasters meeting was December 2nd in North Conway, BBB now has two more people that have attended the states Groomer Awareness Training class.

The maps are a couple of weeks away, the final pre-print was done the first week of December, approved and sent to print. They look great! A hole new look.

NHSA's website is back up and looks great, be sure to check it out.
www.nhsa.com

We are also hoping for next year to be able to hold a snowmobile safety course in Belmont. Training is taking place. Stay Tuned.

An update on merchandise, (ie: shirts, jackets, hats, etc.) BBB unfortunately did not get the new logo in time for anything to be printed up this season.

Finances are tight this year. NH needs a great winter to get all the clubs back up to the financial level they were at a few years ago. We have a couple of bridges that need replacement, but do not have the funds to build them. If there are any businesses that would like to donate materials or money for supplies we would surely put the name of the business on the bridge and give them free advertising on the groomer.

Remember the next meeting is Tuesday December 12th at 7pm. Held at the Corner Meeting House in Belmont.

The BBB hopes everyone has a great Holiday Season and wish for Snow.
