November 2007 Newsletter

Almost November already, seems as though Autumn is moving right along. It has not felt like fall with the warm October temps, I think we will see a sudden change soon.

Trail work has been slowly moving along, we have not had much participation yet. We have large work party scheduled for Saturday November 3rd. Please check the website for meeting time and location. We will be addressing a significant re-route on the trail to Gilmanton at Roberts field. The next project will be the bridge between Union and Hurricane Road, it is not a large bridge so it will not take to much time, and of course, we will be starting to hang signs where needed. It would be nice to get extra eyes at the work parties to let us know where we need signs. We know the trails so well, we often overlook an area which may need additional signage. Please call Russ @ 603-520-0816 for more work party information.

Membership- Nelly and I have a request. Please be patient when it comes to your membership cards. Our PO Box is checked twice a week at the most, so it may take two weeks for your membership to be processed. If three to four weeks pass, feel free to email us to see if we have processed your membership. The fastest way to do it is using Paypal through the website.

Meetings- We need members to come to meetings to share ideas, thoughts and concerns. Next meeting- Wednesday November 14th, 2007, 7pm at the Corner Meeting House in downtown Belmont. Hope to see you there.

Safety Class- Saturday December 8th, at the Belknap Sportsmen's Club in Gilford. Call Jill at 603-630-0671. There is a class limit, so you must pre-register.

What are your thoughts on a Bogie Buster Christmas gathering? Come to our next meeting and share your ideas, or use our feedback form on the website.

Think Snow!
